ELLIS COUNTY
AGENDA ITEM COVER SHEET
COMMISSION AGENDA DATE: 11-14-16

TOPIC:

Position Corrections

ACTION REQUESTED:

Adopt the attached chart to replace Attachment 6 of the Personnel Classification and Salary Changes item adopted on August 15, 2016.

DISCUSSION:

Ellis County has not done a good job of keeping track of the number of positions budgeted to each department. In an attempt to correct this, on August 15 of this year the County Administrator presented a list of positions assigned to each department as Attachment 6 to the agenda item on Personnel Classification and Salary Changes. In addition, that attachment included a unique position identifier for each position, consisting of a department code, a position title abbreviation and a number for the position with the department.

Subsequent to August 15, difficulties have been noted with the list as presented in Attachment 6. These include:

- The number of positions listed excluded 2 Truck Driver position in Road & Bridge and 1 Jailer position in the Jail budget. All these positions were vacant at the time and were not identified as missing from the list. The County Administrator has verified that funding for these positions was included in the adopted budget for 2017.
- One position in the Treasurer's office was classified as a Motor Vehicle/Tax Collection Coordinator rather than an Administrative Coordinator. There is no fiscal impact to this, as both positions are in the same pay grade. However, the chart should be corrected to reflect the intended classification.
- The County's software system will not accommodate position identifiers that start over for each department. Rather, each position within a classification (regardless of department) must be numbered sequentially.

The attached chart corrects these items.

FINANCIAL IMPACT:

There is no financial impact. This item is for clarification only.
